

Dear Clients,

There are going to be notable changes happening to eFile CA and Stanislaus County Courthouses.

- **eFile CA:**
 - **Planned Outage:**
 - There is a planned outage on April 11, 2019 from 6:30pm to 7:30pm.
- **Stanislaus County:**
 - **Case Processing Delay:**
 - The Superior Court of California, County of Stanislaus is implementing a new Case Management System (CMS) effective April 23, 2018.
 - On April 19 & 20, 2018, the Court will not have access to the current Case Management System. All processing will be manual, paper processes. Therefore, the Court advises customer wait times at counter locations as well as in-court processes may take longer than usual.

Best,

USA Legal Network
